How many for Dinner? _____

"Camp will be impossible for me without some form of financial assistance."

I want to go to camp because... OR for returning campers: I want to go back to camp because...

My name is Chase. I am 15 years old and I attend GAR high school/middle school's STEM Academy. My family doesn't have a lot of money, not in the slightest and because of it I have worked at one-hundred and ten percent on my school work to hopefully change that. It is because of this that over the course of my summer vacation I won't be able to do much aside from sitting inside and reading or playing on my phone, flip phone and the game is a rip off version of space invaders. I wish to return to camp this summer it's been awhile. I believe the camp will be fun. I loved it the last time I went. It'll give me the chance to get out of the house and do something with myself. Going to camp over summer will be impossible for me without some form of financial assistance.
